MEF Grant

The McKinney Education Foundation is a non-profit education foundation created to centralize, simplify and enhance the process of raising money for and awarding scholarships to deserving graduates of the three McKinney high schools, as well as Serenity High and LINC. MEF also has advisors who specialize in higher education admissions at all of the McKinney high schools to help students apply for and find additional funding for college. In addition, MEF offers Classroom and Professional Development grants for MISD staff members and helps keep alumni connected through the McKinney Ex-Students Association (MESA).

Staff Grants

The McKinney Education Foundation awards Professional Development and Classroom Grants to deserving MISD teachers and staff. Most funds for these grants are donated by MISD staff themselves. Awarding grants to teachers directly impacts the quality of education in McKinney. The grants give teachers the freedom to implement innovative ideas that otherwise would go unfunded. Grants also help teachers take courses, attend seminars, and engage in other activities that help them to develop as professionals and educators. An investment in McKinney teachers is an investment in the quality of education in McKinney.
