MakeBeliefsComix.com

**MakeBeliefsComix.com** is an educational comic strip generator which lets you create comic strips online.

You can customize number of panels, add characters, emotions, text notes, language, and thought bubbles and adjust the background to your liking. When you're done with your comic strip, you can print it out or share it with friends via email.

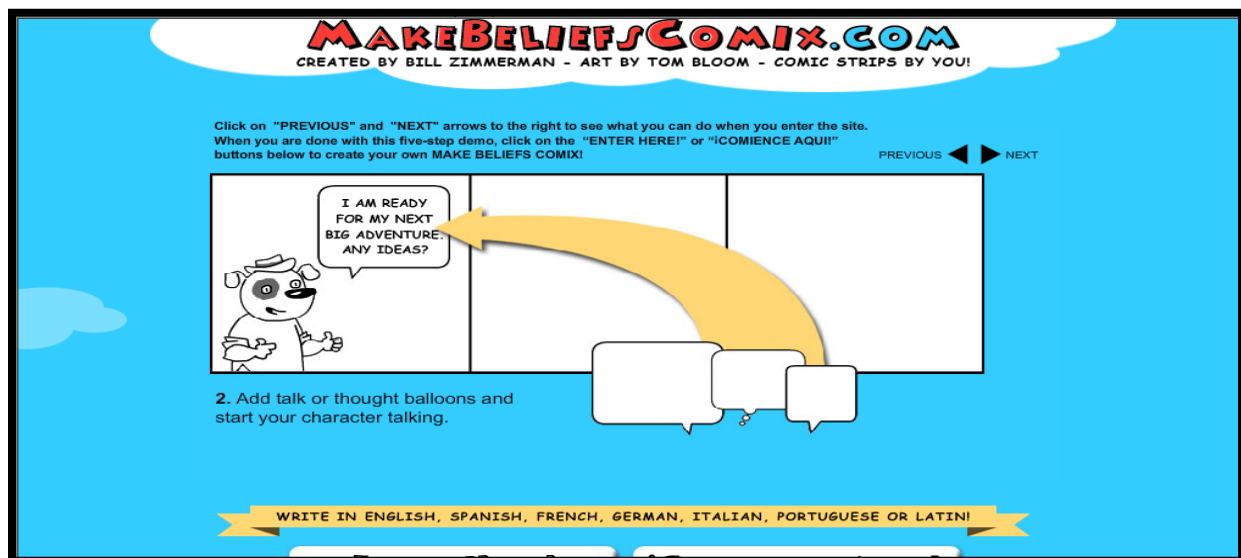

1. Log on to <http://www.makebeliefscomix.com/>
2. Click on **Enter Here** to enter into the comic strip generator.

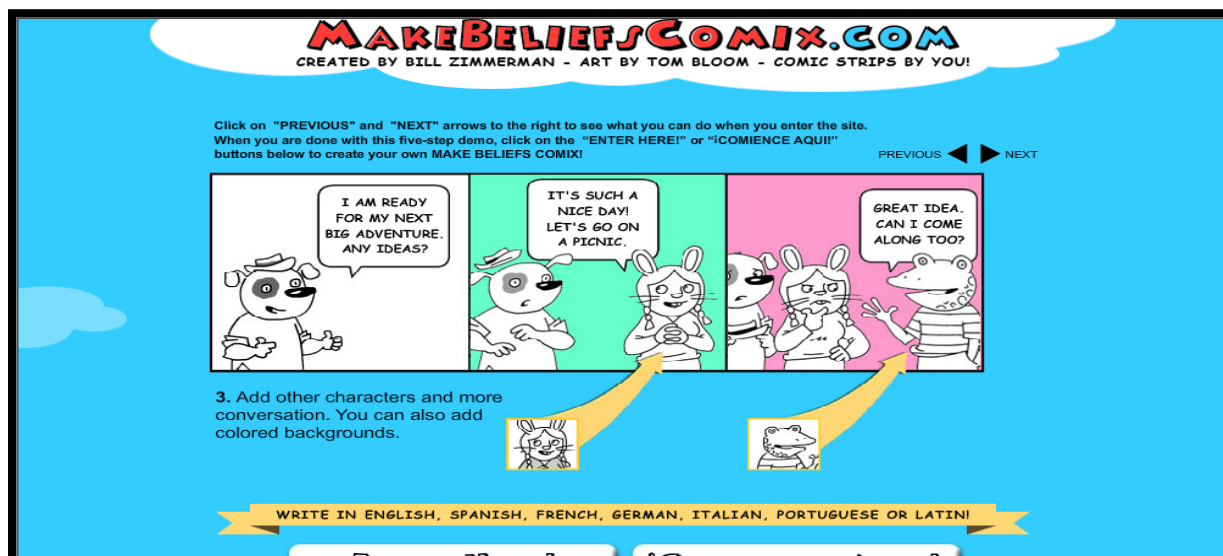

3. Choose a character and emotion. Then you are able to insert your character into any panel window.

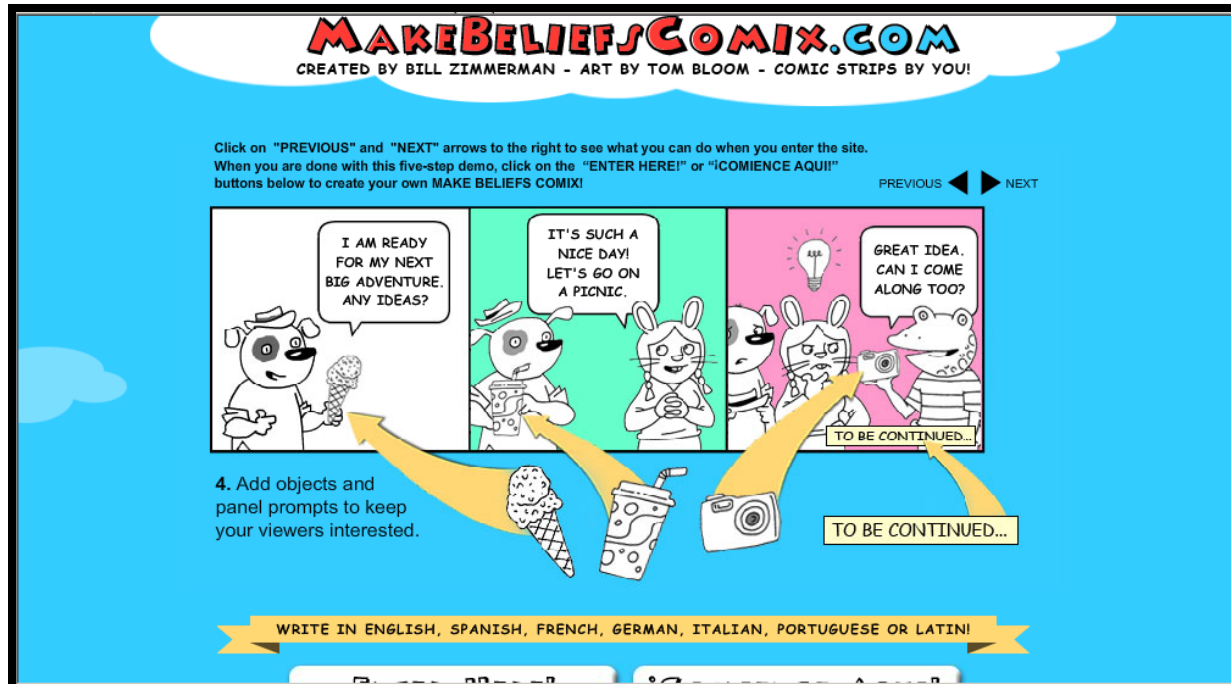

4. Add your talk or thought balloons to start your character talking in the comic strip.

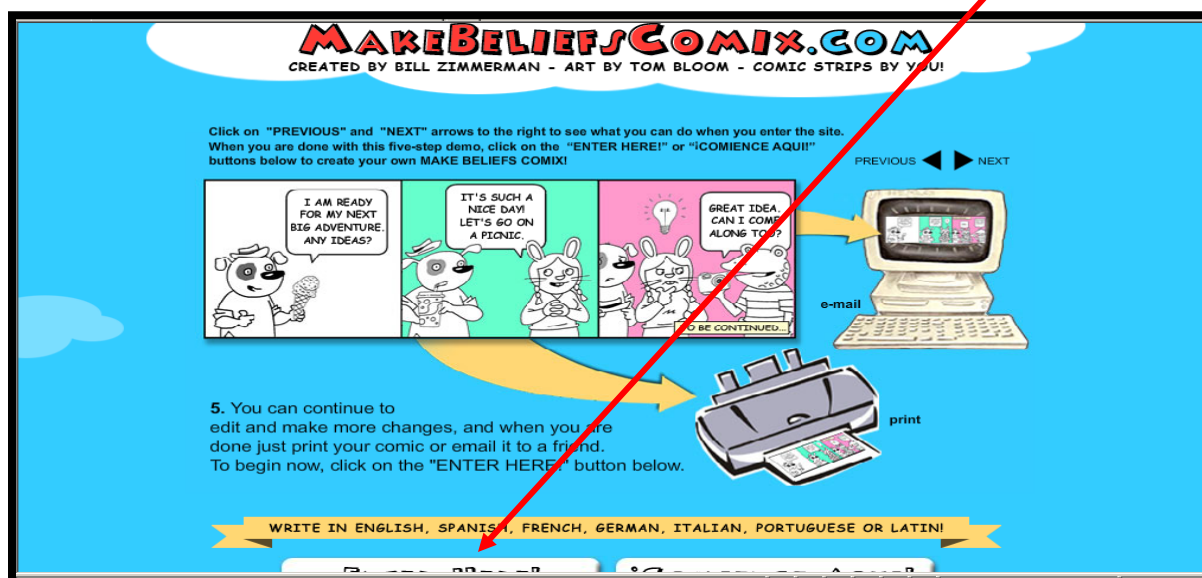

5. Add other characters, more conversation, and/or background color in the comic strip.

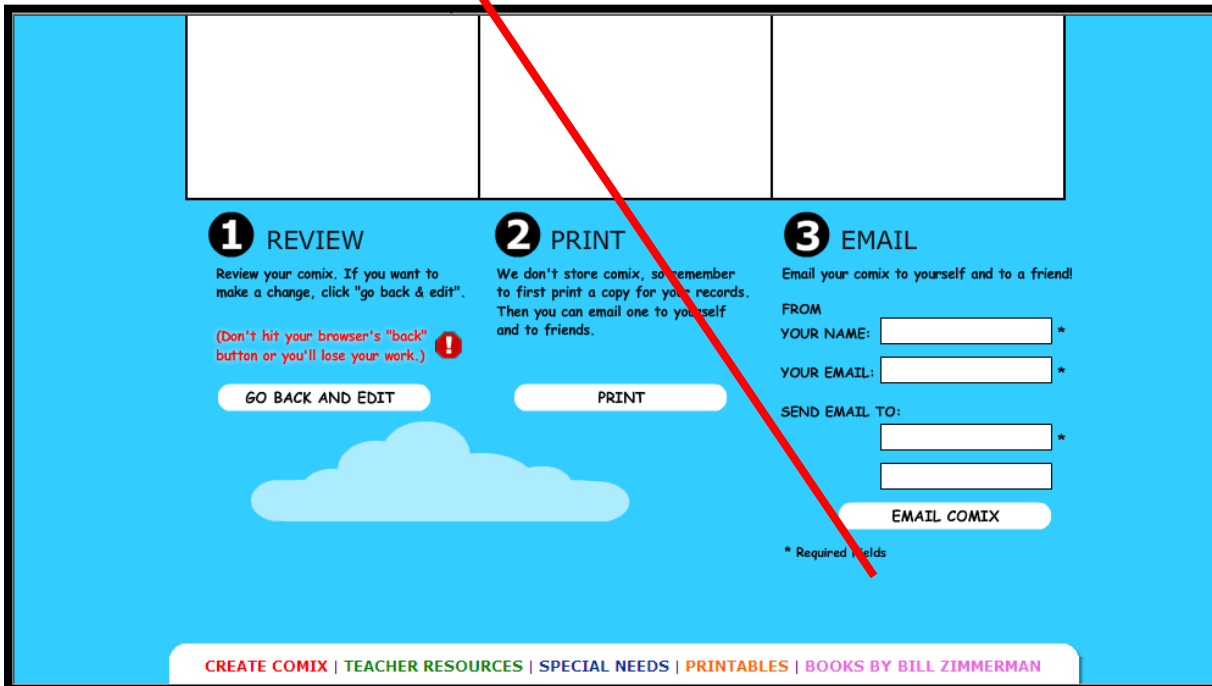

## 6. Add different objects and/or panel prompts.

## 7. Once finished editing the comic strip, there are two choices: print or email a friend. Click on the **Enter** button to begin the process.

8. Congratulations on creating your makebefiefscomix! You are able to review, print, or email your comic. Complete the required fields and click on the **email comic button**.

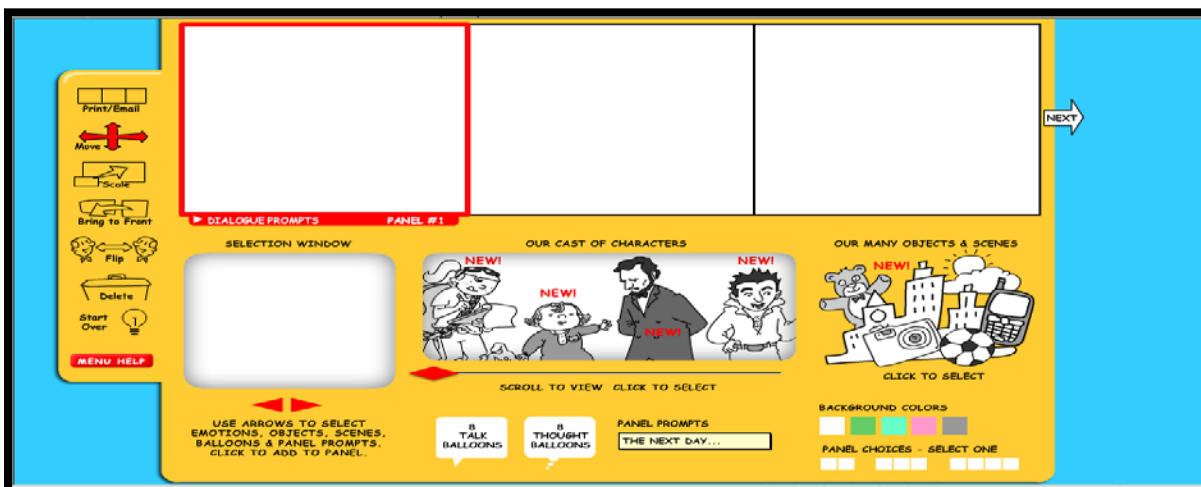

The interface is divided into three main sections: REVIEW, PRINT, and EMAIL.

- 1 REVIEW**: Review your comix. If you want to make a change, click "go back & edit". (Don't hit your browser's "back" button or you'll lose your work.) Buttons: GO BACK AND EDIT, PRINT.
- 2 PRINT**: We don't store comix, so remember to first print a copy for your records. Then you can email one to yourself and to friends. Button: PRINT.
- 3 EMAIL**: Email your comix to yourself and to a friend!

MakeBeliefsComix.com

I have created a MakeBeliefs comic strip based on my curriculum grade level/TEKS. At least 5 of my students have created a comic strip and printed them. I have emailed my tech rep a copy of my comic strip and jinged a picture of my students comic strips and emailed that as well.
