Technology Instruction Page

1. Attend 2 Megabyte Mondays to learn something new.
2. Use the new learning in your classroom.
3. Document your use of the new tools in your lesson plans and how it impacted your students.
4. Write a description of the events. Include the dates you used each of the tools (with TEKS) along with your evaluation of how the lesson went and the usefulness of the new tools.

Documentation Page

I have used two new technology tools that I learned by attending a Megabyte Monday this school year. I have attached a copy of the dates I attended the Megabyte Monday, the dates that the lessons were taught in my classroom, my lesson plan indicating use of the tool, and a description of the lesson (with TEKS) along with my evaluation of how the lesson went and the usefulness of the tools.
